

***MINUTES OF THE MEETING OF THE WATER & SEWER
ADVISORY COMMITTEE***
MONDAY April 2, 2007, 7:00 P M
**VILLAGE OF HOBART OFFICE – 2990 S. PINE TREE ROAD,
ONEIDA**

1. Call meeting to order.
2. Approval of agenda. – Approved as presented
3. Approval of March 5, 2007 minutes – Approved as presented
4. Discussion of draft well site study

Discussed Draft Report: (a) Radium treatment would be +/- \$500,000 if needed. Our radium levels are between 4.1 and 4.7. According to DNR it could reach 5.4 before we would probably need to treat the water. (b) We should get a variance OK from DNR tentative to place the site at the spot off the cul-de-sac. We should also check with the owners of the lot to the south. Recommend to Board to finish study and use alternate site off the cul-de-sac close to Overland. Also check ownership of lot to the south.

5. Large volume sewer rate-Dean & Joe to put together a Draft
6. Hobart/CBCWA agreement.- Item done and going to Board on 17th April.
7. CBCWA Connection Method-Pressure Control- Choose connection option #2 \$20,000 to \$25,000,
8. Future Items
9. Adjourn
