RE: Monthly Report - February 2023

Dear Members:

We took possession of two new squad cars on February 1st. These are the first vehicles in our lease with Enterprise. From my understanding we are very lucky to receive them as some agencies have had their entire orders canceled by Ford. We already have one completely turned over and on the road. We expect that the second squad will be on the road before the end of March. Both older squads will head to auction.

During this month, utilizing our ALPR in-squad cameras we recovered a stolen auto that was entered by another local agency. This is just one of the many benefits this technology brings to us and our other law enforcement partners.

As we continue to progress, I have sought out other analytical technology that will assist us in our day-to-day operations while also allowing for more transparency and connection with our communities. Specifically, the addition of a *Community Crime Map* that will allow anyone to view crimes that have been reported. I am hopeful that this will be available by the end of March.

If you have any questions, please feel free to contact me.

Sincerely,

Michael Renkas Chief of Police

FEBRUARY 2023 - CALLS BY DAY & TIME

To ensure the department has the proper resources necessary for the delivery of high quality police services to the residents of both Hobart and Lawrence, we carefully analyze a variety of workload factors for planning purposes. This includes tracking and reviewing the number of police incidents as well as when they are occurring. Calls for service can be initiated by a variety of means to include, but not limited to, officer observed, being dispatched by 911, approached in person, email correspondence, and/or social media notifications. Calls for service can vary in nature, severity, and level of resources needed to address the issue.

FEBRUARY 2023 - ADMINISTRATIVE

The administrative division of the police department consists of the Chief of Police, Captain (Vacant in February), and Administrative Assistant.

Managing the department budget, schedule, officer training, and writing policies and procedures are just a few of the tasks that the Chief of Police and Captain conduct.

Our Administrative Assistant is typically our first point of contact with our citizens either in the lobby or by phone. One of her primary tasks include fulfilling records request, ensuring quality reports, and distributing reports as needed. Abiding to State of Wisconsin records laws, we disperse reports to those who request copies. These again are just a few of the tasks that is required of her.

FEBRUARY 2023 - ACCOUNTABILITY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their legitimate duties. The Hobart-Lawrence Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests. Our Use of Force Policy is available online - https://www.hobart-wi.org/policeresources.

USE OF FORCE

It should be noted that pointing a firearm at an individual was added as a use of force requiring supervisor notification and documentation last year. Since the act of pointing a firearm at an individual results from the reasonable belief that there is an immediate threat of death or great bodily harm to the officer or others incorporating this into policy is necessary to hold officers accountable and assess training deficiencies that may exist.

In February, two officers pointed their duty-issued firearms at a single individual on a high-risk traffic stop. The incident warranted a high-risk traffic stop due to the vehicle being reported as stolen by another local agency. The driver of vehicle was taken into custody without further incident.

Additionally, an officer pointed their duty-issued weapon at a subject after a vehicle pursuit. Ultimately, the subject was taken into custody without additional force being used by an HLPD officer.

Both incidents were reviewed by administrative personnel per our policy and procedures. All use of force incidents were found to be justified and within our policy and procedures.

COMPLAINTS

HLPD is committed to transparency and accountability while improving community confidence. Tracking and reporting complaints is a measure to meet those goals.

This chart will track any allegation of serious and/or minor misconduct that is reported from either an internal or external source against any employee - either civilian or sworn.
